BUSINESS ARISING FROM THE MINUTES

1. **Brief report: communication with exp.:** Tom Simpson read a letter sent to John Sims, **exp.** requesting **exp.** to provide an analysis of the environmental effects of tampering with the wetland and using the rock quarry on the host community, an analysis that can be used as a response from CMEI at the EIA public meetings. (letter on file) Due to the timing of the public meetings at the end of March / first of April this analysis would take priority over the other two requests from CMEI. Mr. Sims replied that **exp.** would be in a better position to start the analysis next week.
 2. **Brief report: communication with Marc McLeod about EIA public meetings:** Tom Simpson contacted Marc MacLeod regarding the EIA public meetings and he referred Mr. Simpson to Brenda MacCallum, Public Relations and Program Development, FRSW. Ms. MacCallum told Mr. Simpson the EIA must be published on the Province of New Brunswick (PNB) website by the 15th of March. Project information letters should be sent out to stakeholders prior to the EIA being posted to the PNB website. Ms. MacCallum expects the EIA public meetings will be scheduled for the end of March / first of April.
